#### FACTS

For many years the County of Branch and the Attorneys within the Jurisdiction have used the Branch County Courts and there Knowledge to add insult to injury. They have abused there political subdivision and town charter to violate my constitutional rights as well as Steal from me and take from my Company and myself without Due Process. There are several people involved in this matter. A man by the name of Charles Lillis is a City Attorney for the town Quincy Located in Michigan. What I have discovered is that this Charles Lillis sits on a few Board of Executives involving the Wireless Telecommunications Industry. This Charles Lillis is responsible on a lot of insider stock trading involving my **COPY RIGHTS** to the Manufacturing right to the Design of the Communications Tower. I bought a business from a 97 year old man in Spring Arbor Michigan that invented the Machine that makes and Produces these towers. They used local, County, and State Police resources to Disrupt and Prevent me from doing business in the State of Michigan. They Did a thing called AD HOC TAKING.

Now the City of Coldwater, has there own Public Service Commission involving the Coldwater Board of Public Utilities, The City Attorney for the City of Coldwater is guilty of the same actions of violating my Constitutional rights as well as allowing the City Resources of Public Safety to prevent me from doing Business in there town.

CASE # ~~1:24-cv-00286-RJF-PGG~~

Lets back up to before I was born, 1983, the Tri-State Area of Michigan, Indiana and Ohio. These Attorneys like Charles Lillis and my Attorney Richard Colbeck were really good Friends with the owner of Swagger communications which is located in Fremont Indiana, just across the State line between Quincy Michigan and Fremont Indiana, Those two towns Share Boarders. 2 Attorneys Named Charles Lillis and Richard Colbeck and to Communication Company owners Named Lee Swagger and Michael Peters.

The relationships that they built, the government came to Swagger Communications to handle most of their Communications in the government, local, state, Federal, Military. This relationship Between the Michigan Attorneys, the two communications Business owners and Military Contracts made a great partnership. With these Attorneys connected to other Attorney's in connection with the Licensing and Regulatory Affairs, It made room for these Attorney's and Brokers to make a lot of Money before the Digital Age. This is based off of the Analog Age before everything went Digital. Now in 2005 when the Law mandated Digital Broadcasting, Now these people could take 1 Frequency and split the 1 frequency into 100 thru 1000 frequencies, making a \$Killing\$ on sales of these frequencies I entered into the Wireless Telecommunications in May 15 2005. As you will find later innocent of Charles Lillis in Telecom

CASE # 1:24-cv-00286-RJJPJG

ExecSecDef Kerry Salas De La Miya hereby Declares:

Since Covid 19 and the Hurricanes that rocked Louisiana, just off of those two situations I could not get U.S. Mail out of the St. Charles Parish to file my Section 1983 civil rights lawsuit. I am not the only one that Covid 19 and the legal work, the hurricane also was a Double Whammy on the situation. The courts have two understand I can not control the acts of God and let me proceed on some of the situations that exceed the 2 year Statute of Limitations. Also it was the Staff and Administration that tampered with my mail and lost me in the Louisiana Prison System under a whole different name and Birthday please see Louisiana DOC# 760285. This Sheriff's Department has access to a F.B.I. finger print Machine and still arrest me under a whole different Name and Birthday. So I ask the Courts to allow me to proceed with some of the claims that past the 2 years based on the uncontrolled acts of God and the Global Emergency.

I declare under the penalty of perjury that the foregoing statements is true and correct, Executed at Lake Charles, Louisiana on the 10 day of February 2024
